

## Requirements to Join a Legal Appeal Against Solar

Many of you have expressed an interest in joining legal appeals against the solar developers. In order to be eligible to join, one must meet certain requirements in order to have standing.

Those requirements are:

- Property located up to one (1) mile from the proposed solar development. The solar developer is required to send a certified written notice of the public hearing to all property owners within 660'.
- You must attend the public hearing in person (or by Zoom).

You must do one or both of the following:

- Sign up to speak at the public hearing. You can give your minutes to someone to speak on your behalf. If you choose to speak, it can be as simple as, "I oppose this solar project. Please deny this request.". Also, we prepare short speeches that you could read.

And/or:

- Write a letter(s) to the BZA members voicing your concerns or opposition to the solar project.

Mail or drop off your letter to:

Board of Zoning Appeals  
Building & Zoning Office  
125 S. Riverside Drive, Suite 150  
Winamac, IN 4699
